

Lab: Develop Responses to Common Cybersecurity Specialist Interview Questions

Preparing for interviews can be stressful, and the biggest question is likely, "**Where do I start?**" The best place to start is with the common questions.

Objective

In this lab, you will draft your responses to some common interview questions related to cybersecurity specialist jobs.

Prerequisites

- For this lab, you have been provided with a Template/Answer sheet in Microsoft Word format. It is suggested that you have either MS Word installed on your computer or have a Microsoft 365 online account. You can also use other Word Processing application software, such as Google Docs, that allows you to open Word documents.
- Review the following videos:
 - **Cybersecurity Specialist Mock Interview: The First Round Interview**
 - **Cybersecurity Specialist Mock Interview: Technical Screening**

Instructions

1. Keeping the CTRL key pressed, click [here](#) to download the **Interview Question Worksheet** Microsoft (MS) Word document.

Note: Use the COMMAND key instead of CTRL on Mac systems.

2. Review the questions.
3. Draft responses to the questions posed.

Note: At any time that you feel stuck, review the video for ideas.

4. Save your responses.
5. Optionally, share your responses with associates or friends for feedback.
6. Updated the responses, if required.
