

Glossary: Understanding Interview Questions and Post Interview Next Steps

Welcome! This alphabetized glossary contains many of the terms you'll find within this course. This comprehensive glossary also includes additional industry-recognized terms not used in course videos. These terms are important for you to recognize when working in the industry, participating in user groups, and participating in other certificate programs.

Terms	Definition
Case study interview	You are given a work situation where you analyze a problem and offer the best advice to solve it within a certain amount of time.
Fair offer	A formal job offer with a compensation package that considers your skills, compensation, education, and more. An offer tailored to you that meets your needs.
Illegal question	Questions that should not be asked during an interview. Includes personal questions that have no bearing on your ability to perform the job.
Industry-specific question	Interview questions used to determine your knowledge of a particular job industry.
Job offer	A formal offer of employment from a firm resulting from a successful interview.
Salary range	A range of salary you are willing to accept as a fair offer.
Take-home interview	Interview method where you are asked to take home an assignment and complete it in a given amount of time as part of the interview process.
Total compensation	A formal offer that includes base salary and other benefits to include bonuses, commissions, paid time off, medical and dental, 401k, stock options, education, childcare or more.
Trick question	A question used when an interviewer wants to learn more about you, see how you handle yourself under pressure, and observe your critical thinking skills.
Whiteboard interview	Interview method that may be used to gauge your technical ability, communications skills, or approach to problem solving.
